**Volunteer Assistance**

The wealth of experience available in the community is a resource that should be used in appropriate ways to enrich the educational program and strengthen the schools' relationships with homes, businesses, public agencies and private institutions. By their presence, volunteers also can make school environments safer and more closely supervised. The Governing Board encourages parents/guardians and other members of the community to share their time, knowledge and abilities with the students.

(cf. 1700 - Relations Between Private Industry and the Schools)
(cf. 4127/4227/4327 - Temporary Athletic Team Coaches)

(cf. 5020 - Parent Rights and Responsibilities)
(cf. 6020 - Parent Involvement)
(cf. 6171 - Title I Programs)

The Superintendent or designee may authorize the use of volunteers. The Superintendent or designee shall establish regulations to protect the safety of both students and volunteers.

The Board prohibits harassment of any volunteer on the basis of race, religious creed, color, national origin, ancestry, physical disability, mental disability, medical condition, genetic information, marital status, sex, gender, gender identity, gender expression, age, sexual orientation, or military and veteran status. (Government Code 12940)

(cf. 0410 - Nondiscrimination in District Programs and Activities)

The Superintendent or designee shall establish procedures for determining whether volunteers possess the qualifications, if any, required by law and administrative regulation for the types of duties they will perform. These procedures shall include laws related to tuberculosis testing and may also include laws related to criminal record checks.

Like employees and students, volunteers shall act in accordance with district policies and regulations, and school rules. The Superintendent or designee shall be responsible for investigating and resolving complaints regarding volunteers.

(cf. 3515.2 - Disruptions)

As appropriate, the Superintendent or designee shall provide volunteers with information about school goals, programs, and practices and an orientation related to their specific responsibilities.

The Board encourages volunteers to work on projects to the extent that they enhance the classroom or school. At their discretion, employees who supervise volunteers may ask any volunteer who violates school rules to leave the campus. Employees also may confer with the principal or designee regarding any such volunteers. The Superintendent or designee shall be responsible for investigating and resolving complaints regarding volunteers.
The Board encourages principals to develop a means for recognizing the contributions of each school's volunteers.
