

## **Equipment**

School equipment may be used by staff members and or students only for school-related tasks. District equipment may not be used for personal reasons.

The Superintendent or designee shall ensure that all employees understand that personal use of district property is prohibited and that violation may be cause for disciplinary action.

When school equipment is not being used by students or staff, school-connected organizations may be granted reasonable use of the equipment for school-related matters. Actual costs of services such as copying shall be paid by the group rather than by the district.
