Notices About Missing Children

Every school shall post in an appropriate area the monthly poster on missing children provided by the Department of Justice. For elementary schools, the poster shall be posted in an area restricted to adults. (Education Code 38139, Penal Code 14210)

Whenever a new student enrolls or transfers into an elementary school in the district, the principal or designee is encouraged to review the missing person bulletins provided by the DOJ to determine if the student resembles a child listed as missing. (Education Code 49068.5)

(cf. 5111 - Admission)

If a law enforcement agency notifies the district that a child enrolled in the district has been reported missing, the principal or designee shall place a notice on the front of the child's school record indicating that they have been reported missing. If a school receives a record inquiry or request from any person or entity regarding a missing child about whom the school has been notified, the principal or designee shall immediately notify the law enforcement agency that informed the school of the missing child's status. (Education Code 49068.6)

(cf. 5125 - Student Records)

Any report or document containing a student's fingerprints shall be given to the parents/guardians. It may be given with the child's report card or any other document routinely mailed to parents/guardians or may be given in person at any parent-teacher conference. No report or document containing a student's fingerprints shall be kept by the district or given to any other private or public entity. (Education Code 32390)

(cf. 5022 - Student and Family Privacy Rights)
