

### **Preschool/Early Childhood Education**

The Governing Board recognizes the value of high-quality preschool experiences to enhance children's social-emotional development, knowledge, skills, abilities, and attributes necessary for a successful transition into the elementary education program. The Board desires to provide children ages 3-4 years access to developmentally appropriate activities in a safe, adequately supervised, and cognitively rich environment.

*(cf. 6170.1 - Transitional Kindergarten)*

### **Collaboration with Community Programs**

The Superintendent or designee shall collaborate with the local child care and development planning council, other agencies, organizations, the county office of education, and/or private preschool providers to assess the availability of preschool programs in the community and the extent to which the community's preschool needs are being met. The Board encourages the development of a community-wide plan to increase children's access to high-quality preschool programs.

The Board shall set priorities for establishing or expanding services as resources become available. In so doing, the Board shall give consideration to the benefits of providing early education programs for at-risk children and/or children residing in the attendance areas of the lowest performing district schools.

*(cf. 6171 - Title I Programs)*

Facilities for preschool classrooms shall be addressed in the district's annual facilities review, including an assessment as to whether adequate and appropriate space exists on school sites. As necessary, the

*(cf. 6020 - Parent Involvement)*

Pursuant to 5 CCR 18130, CSPP programs are subject to the requirements of 5 CCR 18105. 5 CCR 18105 mandates that districts offering a CSPP program develop written admissions policies and procedures that conform to the requirements of 22 CCR 101218, as provided in the following paragraph.

Preschool admissions policies and procedures shall be in writing and available to the public. Such policies and procedures shall include criteria designating those children whose needs can be met by the program and services, the ages of children who will be accepted, program activities, any supplementary services provided, any field trip provisions, any transportation arrangements, food service provisions, and a health examination requirement. (CCR 18105; 22 CCR 101218)

The Superintendent or designee shall ensure that subsidized preschool is provided to eligible families to the extent that state and/or federal funding is available and shall establish enrollment priorities in accordance with Education Code 8263 and 5 CCR 18106.

The Superintendent or designee shall recommend strategies to link the district's preschool program with other available child care and development programs in the district or community in order to assist families whose child care needs extend beyond the length of time that the district's part-day preschool program is offered. (Education Code 8239)

5 CCR 18279-18281 require an annual evaluation using the standardized "Desired Results for Children and Families" system developed by the CDE. The system requires a self-evaluation that includes, but is not limited to, an assessment of the program by staff and the Board, a parent survey, and an environment rating scale using forms selected by the CDE. In addition, every three years, the CDE conducts a Federal Program Monitoring/Contract Monitoring Review (FPM/CMR) process with each contract agency which reviews compliance with program requirements.

Education Code 8203.1, as added by SB 858 (Ch. 32, Statutes of 2014), establishes the early learning quality rating and improvement system (QRIS) block grant to support continuous local improvement efforts that increase the number of low-income children in high-quality preschool programs. Grant funds

may be awarded to eligible local consortia, which then allocate funds to districts and other agencies contracting to provide CSPP programs. Pursuant to Education Code 8203.1, QRIS is based on a tiered rating structure with progressively higher quality standards for each tier. It is designed to (1) provide supports and incentives for programs, teachers, and administrators to reach higher levels of quality; (2) monitor and evaluate program impacts on child outcomes; and (3) disseminate information to parents/guardians and the public about program quality.

The Superintendent or designee shall develop and implement an annual plan of evaluation which conforms to state requirements. (5 CCR 18279)

The district's Williams uniform complaint procedures, with modifications as necessary, shall be used to investigate and resolve complaints alleging violation of applicable health or safety requirements for license-exempt programs operating under the California State Preschool Program. However, licensed programs shall refer complaints alleging health and safety violations to the California Department of Social Services. (Education Code 8235.5; 5 CCR 4610, 4611)

*(cf. 1312.4 - Williams Uniform Complaint Procedures)*

The Superintendent or designee shall regularly report to the Board regarding enrollments in district preschool programs and the effectiveness of the programs in preparing preschoolers for transition into the elementary education program.
