Eligibility for Independent Study

Provided that experienced certificated staff are available to effectively supervise students in independent study, the Superintendent or designee may approve the participation of a student who demonstrates the motivation, commitment, organizational skills, and academic skills necessary to work independently. A student whose academic performance is not at grade level may participate in independent study only if the school is able to provide appropriate support, such as supplemental instruction, tutoring, counseling, ongoing diagnostic assessments, and/or differentiated materials, to enable the student to be successful. For an elementary student, the Superintendent or designee may consider the parent/guardian's level of commitment to assist the student.

A student participating in independent study must be a resident of the county or an adjacent county. (Education Code 46300.2, 51747.3)

(cf. 5111.12 - Residency Based on Parent/Guardian Employment)

For a student with disabilities, as defined in Education Code 56026, participation in independent study shall be approved only if his/her individualized education program specifically provides for such participation. (Education Code 51745)

Students age 21 or older, and students age 19 or older who have not been continuously enrolled in school since their 18th birthday, may participate in independent study only through the adult education program for the purpose of enrolling in courses required for a high school diploma by Education Code 51225.3 or the Governing Board. (Education Code 46300.1, 46300.4)

(cf. 6200 - Adult Education)

No more than 10 percent of the students enrolled in a continuation high school or opportunity school or program, not including pregnant and parenting students who are primary caregivers for one or more of their children, shall be eligible for apportionment credit for independent study. (Education

Code 51745)

(cf. 5146 - Married/Pregnant/Parenting Students)

(cf. 6184 - Continuation Education)

The agreement shall include general student data, including the student's name, address, grade level, birth date, school of enrollment, and program placement.

The independent study agreement for each participating student also shall include, but not be limited to, all of the following: (Education Code 51747; 5 CCR 11700)

1. The manner, time, frequency, and place for submitting the student's assignments and for reporting student's progress.
2. The objectives and methods of study for the student's work, and the methods used to evaluate that work.
3. The specific resources, including materials and personnel, which will be made available to the student.
4. The district's independent study policy describing the maximum length of time allowed between an assignment and its completion and the number of missed assignments which will trigger an evaluation of whether the student should continue in independent study.
5. The duration of the independent study agreement, including the beginning and ending dates for the student's participation in independent study under the agreement, with a maximum of one school year.
6. A statement of the number of course credits or, for the elementary grades, other measures of academic accomplishment appropriate to the agreement, to be earned by the student upon completion.

1. Courses shall be taught under the general supervision of certificated employees who hold the appropriate subject matter credential and are employed by the district or by another district, charter school, or county office of education with which the district has a memorandum of understanding to provide the instruction.

(cf. 4112.2 - Certification)

2. Courses shall be annually certified by Board resolution to be of the same rigor and educational quality as equivalent classroom-based courses and shall be aligned to all relevant local and state content standards. This certification shall, at a minimum, include the duration, number of equivalent daily instructional minutes for each school day that student is enrolled, number of equivalent total instructional minutes, and number of course credits for each course, consistent with that of equivalent classroom-based courses.

3. Students enrolled in these courses shall meet the applicable age requirements established pursuant to Education Code 46300.1 and 46300.4 and the applicable residency and enrollment requirements established pursuant to Education Code 46300.2, 48204, and 51747.3.

4. For this purpose, satisfactory educational progress includes, but is not limited to, applicable statewide accountability measures and the completion of assignments, examinations, or other indicators that the student is working on assignments, learning required concepts, and progressing toward successful completion of the course, as determined by the teacher providing instruction.

Written or computer-based evidence of satisfactory educational progress shall be retained for each course and student, including, at a minimum, a grade book or summary document that lists all assignments, examinations, and associated grades for each course.

If satisfactory educational progress is not being made, the teacher shall notify the student and, if the student is under age 18 years, his/her parent/guardian. The teacher shall conduct an evaluation to determine whether it is in the student's best interest to remain in the course or whether he/she should be referred to an alternative program, which may include, but is not limited to, a regular school program. A written record of the evaluation findings shall be a mandatory interim student record maintained for three years from the date of the evaluation. If the student transfers to another California public school, the record shall be forwarded to that school.

(cf. 5125 - Student Records)

5. Examinations shall be administered by a proctor.

6. Statewide testing results shall be reported and assigned to the school at which the student is enrolled and shall be included in the aggregate results of the district. For each student, the combined equivalent daily instructional minutes for courses in this program and all other courses shall meet applicable minimum instructional day requirements, and the student shall be offered the minimum annual total equivalent instructional minutes pursuant to Education Code 46200-46208.

(cf. 6111 - School Calendar)

(cf. 6112 - School Day)

10. Courses required for high school graduation or for admission to the University of California or California State University shall not be offered exclusively through independent study.

11. A student participating in this program shall not be assessed a fee that is prohibited by Education Code 49011.

(cf. 3260 - Fees and Charges)

12. A student shall not be prohibited from participating in independent study solely on the basis that he/she does not have the materials, equipment, or Internet access necessary to participate in the course.

Before enrolling a student in a course within this program, the Superintendent or designee shall provide the student and, if the student is under age 18 years, his/her parent/guardian with a written learning agreement that includes all of the following: (Education Code 51749.6)

1. A summary of the district's policies and procedures related to this program

The Superintendent or designee shall retain a physical or electronic copy of the signed learning agreement for at least three years and as appropriate for auditing purposes. (Education Code 51749.6)

Monitoring Student Progress

The independent study administrator and/or supervising teacher shall promptly and directly address any failure by the student to meet the terms of his/her written agreement. The following supportive strategies may be used:

1. A letter to the student and/or parent/guardian
2. A meeting between the student and the teacher and/or counselor
3. A meeting between the student and the independent study administrator, including the parent/guardian if appropriate
4. An increase in the amount of time the student works under direct supervision

When the student has missed the number of assignments specified in the written agreement as requiring an evaluation, the Superintendent or designee shall conduct an evaluation to determine whether or not independent study is appropriate for the student. This evaluation may result in termination of the independent study agreement and the student's return to the regular classroom program or other alternative program.

A written record of the findings of any such evaluation shall be treated as a mandatory interim student record which shall be maintained for three years from the date of the evaluation. (Education Code 51747)

Note: The CDE, in its Frequently Asked Questions available on its web site, clarifies that students in independent study are not subject to truancy laws. The determination of excused and unexcused absences is irrelevant because independent study students may complete assignments at any time and attendance is not the basis for credit.

Independent study students who are late, miss scheduled conferences, or do not submit assigned work on time shall not be reported as tardy or truant.

Responsibilities of Independent Study Administrator

The responsibilities of the independent study administrator include, but are not limited to:

1. Recommending certificated staff to be assigned as independent study teachers and supervising staff assigned to independent study functions who are not regularly supervised by another administrator

3. Facilitating the completion of written independent study agreements
4. Ensuring a smooth transition for students into and out of the independent study mode of instruction
5. Approving all credits earned through independent study
6. Completing or coordinating the preparation of all records and reports required by law, Board policy, or administrative regulation

Assignment and Responsibilities of Independent Study Teachers

Each student's independent study shall be coordinated, evaluated, and carried out under the general supervision of a certificated employee who consents to the assignment. (Education Code 44865, 51747.5; 5 CCR 11700)

The Superintendent or designee shall ensure that independent study teachers have access to professional development and support comparable to classroom-based teachers.

(cf. 4131 - Staff Development)

The ratio of student average daily attendance to full-time equivalent certificated employees responsible for independent study shall not exceed the equivalent ratio for all other education programs in the district, unless a new higher or lower ratio for all other educational programs offered is negotiated in a collective bargaining agreement or the district enters into a memorandum of understanding that indicates an existing collective bargaining agreement contains an alternative ratio. (Education Code 51745.6)

The responsibilities of the supervising teacher shall be to:

1. Complete designated portions of the written independent study agreement
2. Supervise and approve coursework and assignments
3. Design lesson plans and make assignments

7. Regularly meet with the student to discuss the student's progress

Note: Pursuant to Education Code 51747.5, the district may only claim apportionment credit for independent study based on the time value of student work products as personally judged in each instance by a certificated teacher. Education Code 51747.5 specifies that the teacher is not required to sign and date the work products.

8. Assess student work and determine and assign grades or other approved measures of achievement

Records

The Superintendent or designee shall ensure that records are maintained for audit purposes. These records shall include, but not be limited to: (Education Code 51748; 5 CCR 11703)

1. A copy of the Board policy, administrative regulation, and other procedures related to independent study
2. A listing of the students, by grade level, program, and school, who have participated in independent study, along with the units of the curriculum attempted and completed by students in grades K-8 and the course credits attempted by and awarded to students in grades 9-12 and adult education
3. A file of all agreements, with representative samples of each student's work products bearing the supervising teacher's notations indicating that he/she has personally evaluated the work or that he/she has personally reviewed the evaluations made by another certificated teacher
4. As appropriate to the program in which the students are participating, a daily or hourly attendance register that is separate from classroom attendance records, maintained on a current basis as time values of student work products judged by a certificated teacher, and reviewed by the supervising teacher if they are two different persons

(cf. 3580 - District Records)

The Superintendent or designee also shall maintain a record of grades and other evaluations issued to each student for independent study assignments.

Note: Education Code 51747, as amended by SB 828 (Ch. 29, Statutes of 2016), authorizes specified records to be maintained in an electronic file, as provided in the following paragraph. Pursuant to Education Code 51747, an electronic file includes a computer or electronically stored image of an original document, including, but not limited to, a PDF, JPEG, or other digital file type, that may be sent via fax machine, email, or other electronic means.

The signed, dated agreement, any supplemental agreement, assignment records, work samples, and

attendance records may be maintained on file electronically. (Education Code 51747)

A written record of the findings of any evaluation conducted after the student has missed the number of assignments specified in Board policy shall be treated as a mandatory interim student record which shall be maintained for three years from the date of the evaluation. (Education Code 51747)

(cf. 5125 - Student Records)

Student Rights and Responsibilities

Students participating in independent study shall have the right, continuously, to enter or return to the regular classroom mode of instruction.

Independent study students who are late, miss scheduled conferences or do not submit assigned work on time shall not be reported as tardy or truant. However, the independent study administrator shall promptly and directly address any failure by the student to meet the terms of his/her written agreement. The following supportive strategies may be used:

1. A letter to the student and/or parent/guardian, as appropriate
2. A special meeting between the student and the teacher and/or counselor
3. A meeting between the student and the administrator, including the parent/guardian if appropriate
4. An increase in the amount of time the student works under direct supervision

When the student has missed the number of assignments specified in Board policy as precipitating an evaluation, the Superintendent or designee shall conduct an evaluation which may result in termination of the independent study agreement, with the student's return to a regular classroom or alternative instructional program.
